

## **SPECIFICATION AMENDMENTS**

Sir:

In response to the Office Action of January 13, 2006, please amend the first full paragraph on page 6 as follows:

The housing 30 comprises venting means formed of slots 44 in the preferred embodiment to allow heat generated by said light sources 37 and 38 to escape. A modification of the invention may comprise a housing 30 which has a top surface instead of a cover wherein said means for associating each said bundle with said base structure are positioned.
